District 2 Councilwoman Patrice Y.W. Manley – a street light is needed at 514 Alder Street. She requested a code enforcement update on the old Abel's Funeral Home and the old Matador Club on Oak Street. She requested to check and see if the taxes are paid. Standard and Compliance Director Saxon said he is still doing research. He is tracking the ownership of the Matador. He will get with Ms. Jessica about the taxes. The City does have a blight ordinance in place.

District 3 Councilman Lemora Moses – he has received calls about the Block Parties. We need to get control of the situation.

Police Chief Jones stated that 911 did not get any call about the block party. Councilman Moses mention the event at the Neighborhood which involved ladies dancing on the tables and ask do we have anyone to check behind the renters. City Clerk Lucile Middlebrooks stated that we do have someone checking behind the renters. On this particular occasion, I was sent pictures and the person responsible did not get their deposit back.

Councilman Moses stated we need speed bumps on 10th and Oak Street due to vehicles drag racing up and down the roads.

Standard and Compliance Director Saxon ask Police Chief Jones to put a power squad on the streets mentioned by Councilman Moses.

District 4 Councilman Steven Hudson – reported that there is a lump of concrete on West Sixth and Vo-tech Drive; a pothole on Vo-tech Drive; and requests a light be place on the pole at South Alder Street and Five Bridge Road.

District 5 Councilwoman Claire Clayton-Stone — she received a call about noise and looks forward to working on the ordinance. She asked about the utility bill situation. City Clerk Middlebrooks stated the utility bill situation is better. Once we get the billing cycle back on track, things will improve. The majority of the bills are good. We have some people paying online. We should be ready to do cut-offs by October. Please inform the community that a payment plan must be setup before the services are cut-off. Because after the services are cut-off, the bill will need to be paid in full plus a reconnection fee will be charge.

Councilwoman Stone asked was the pothole on Chieftain Circle in the City or County. That pothole has been repaired by the County.

She asked about the house on Beech Street with a lot of junk in the yard. Standards and Compliance Director Saxon stated that the property owner has been sent letters and now he will be given a citation.

Public Comments – 3 minutes

Mr. Billy Leverett – The tree across the street from his house still needs to be cut down and the alley behind his house needs dirt.

Standards and Compliance Director Saxon stated it is hard to get a quote on cutting down a single tree.

Mr. Tyrone Smith – He stated the holding pond has not been cleaned in over 30 years and he recommends that the City go with KW Underground because you are dealing with apples and oranges. You need to know how deep the pond is. He asked who is responsible for the sidewalks from Oak Street to the Housing Authority apartments on Hwy 32, because the ditches next to them need to be maintained.

Public Works Director Hall will take care of the ditches.

Mr. Smith stated KW Underground will be better in the long run and at Chester Anderson's old shop and they are using Maple Street for parking this needs to be addressed.

Mr. Waymond Harris – stated that he listens. There is no need for us to keep repeating the same issues. McKinley Street took a long time.
